LORD ROBERTS MADE A SPEECH.

Kimberley, March 1.—Lord Roberts and Gen. Kitchener arrived here this morning and were warmly welcomed by the municipal officials, and thanked for the successful relief of the town.

Gen. Kitchener had given him great pleasure to assist Kimberley in her time of need and that he was glad he had an opportunity of visiting the town.

There is great excitement and rejoicing here over the relief of Ladysmith. Lord Roberts and Gen. Kitchener were the guests of Mr. Cecil Rhodes while here.

GREAT PRECAUTIONS TO GUARD GEN. CRONJE.

Orange River, March 1.—Gen. Cronje and his wife passed here last night en route to Cape Town. His wife was accompanied by a large number of the public from seeing him.

Even the officers were ordered off the station, and the refreshment room was kept closed before his arrival, to the discomfort of the passengers.

Gen. Cronje looks dejected and miserable, and has grown more gray. He entered the refreshment room, accompanied by his wife, son and an interpreter and Gen. Trevelyan, and staff taking his seat at a table.

Gen. Cronje covered his face with his hands for a few minutes as he engaged in prayer.

BOERS WERE GLAD TO BE SAFE IN CAPTIVITY.

Paardeburg, Wednesday, Feb. 28.—The Boers were paraded yesterday afternoon. They extended in a long train across the plain and as far as possible were arranged in commands.

The Boers were kept separated from the front line, the faces of the men as they passed made it impossible to arrive at any other conclusion than that they were all overjoyed at their release from the daily hell of shell and shrapnel.

Every man who was off duty visited the Boer laager yesterday, and the crowd of curious Tommies spent the day in searching every nook and corner.

After what might prove a long day, the Boers were taken to the laager, and the crowd of curious Tommies spent the day in searching every nook and corner.

FARM HOUSE RAIDED.

Two Trentonians Arrested Charged With Burglary—Quantities of Stolen Goods Found On Their Premises.

For some time past a number of farmers' residences adjoining the town of Trenton have been invaded by midnight marauders and considerable quantities of farm produce and household effects have been carried away.

The matter was reported to the police by Coleman of Trenton, and yesterday the arrested, Austin Hyckman and Alva Ellis, two married men, that is, charged them with burglary.

At their homes a quantity of plunder was found, a portion of which was identified by Mr. W. H. Kenny as belonging to him.

The men had a preliminary examination before Mr. Young, J. P., and were committed for trial. The morning brought them to the County Jail, where they were lodged.

Both are young married men about 25 years of age.

THE PRESENT WAR.

Major Halliwell Presents the Subject to Members of the XV. Batt.

At the drill shed last evening Major Halliwell of the XV. Battalion delivered an instructive lecture on "Lessons of the present war as applied to the Canadian Militia."

The speaker said the Canadian soldiers needed more rifle practice and also needed to be trained better in sharp shooting.

A discussion took place after the lecture which was participated in by many present. Other lectures will be given upon military subjects, which will no doubt prove to be of valuable assistance to the members of the corps.

WHAT PEOPLE ARE SAYING

Plasters for snow-shovelers' backs are in demand to-day.

Dr. Leach has got the grip at Paardeburg. He's losing it, though.

Did you hear Brakenham Kitchener shot?—Hloofenstein, next station.

They've got four-footed blacksmiths in Kingston. A horse made a bolt yesterday.

Ab Sam, the only Chinese convict in the Kingston penitentiary, has just died. Ah, Sam! that was a sad end for you.

The Kingston Whig has got a new dress. That was about the only thing new about the paper.

Dear Gen. Boers: If you will kindly rechristen some of those places out there, your war will not have been waged in vain.

No wonder the river rose. After heaving all the snow yesterday, it thought we needed something to wet our whistles with.

Talking about his wife a man said yesterday: "Well, it is a pity she is not a little more like me."

He said she thought she cut all the ice, yet she wasn't willing to shovel any.

They thought I'd forgotten my business. And at Kipling turned up their nose. Said I guess I'd give 'em a taste of old times.

Said Our Lady of the Snows. The Irishman of Mayo have rejected Major McBride, the Boer soldier, by a majority of 2,000, which shows that all Irish Nationalists are not such fools as Redmond appears to think they are.

From all over Canada come stories of celebrations and rejoicing at the relief of Ladysmith.

Well, perhaps we needn't make much noise, but I felt just as thankful as anybody.

No one need think because the flag went up that the war is over. It is only a day that there has been a truce, and we must wait until the war is over.

Ask the Doctor, he knows better than that.

The drifts in the neck leading from the hospital to the laager are now being cleared.

The Bridge is terrific. The Street Surveyor's body guard have some work to do before they get to the two.

Field Cornet Harris can't sound the charge any too quick.

It is the Boers that are doing the damage on their farms that they did on their trenches that they couldn't hold. What a lot of water it would have been! They would have reaped a better crop instead of a bitter crop.

We'll soon have another speech from Redmond. The Irish brigade which was opposing Buller have

It is worse than madness to neglect a cough or cold which in early stages if taken in time becomes a chronic. When it attacks the chest (issue of the lungs and bronchial tubes), travels with perils rapidity, then do not delay, get a bottle of Hickey's Anti-Consumptive Syrup, the medicine that gives the most reliable of the human body, and drives it from the system. This medicine purifies a free and easy expiratory sublimates the cough, breaks the diseased mucus, and exerts a powerful beneficial influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from such anxiety, trouble and expense, then procure a bottle of Hickey's Anti-Consumptive Syrup, and whenever a child has taken cold, a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money saved and pain relieved by the leading household remedy, Dr. Thomas' Electric Oil—a small quantity of which upon the chest, throat, or face, cures a cough, breaks a sore, cuts, bruise or sprain, relieves lumbago, rheumatism, neuralgia, excruciating neuralgia, or inflamed breast.

Some folks never seem as anxious to get well in public as when they are home, something the matter with them.

Cholera and all summer complaints are so quick in their action that the old and the young are the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. A Man Made Happy—Gentlemen—For five years I had been a great sufferer with dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed to me. When I would go to sleep I would have horrible dreams, and life became very miserable, as there was no rest neither day or night. But with the use of only one bottle of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of curing others of the wonderful curative qualities possessed by this medicine, that is especially adapted for the cure of dyspepsia. A lady customer of mine had the dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill.—Much time and attention were given to the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills, and they were brought to the state in which they were first offered to the public. Whatever other pills of this kind, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from indigestion or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Successful Medicine.—Who wishes to be successful in any undertaking in which he may engage, it is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsement of the public is a guarantee that a pill has been produced which will fulfill every claim made for it.

BRABAS' GUNNERY ADVANCE

The General and His Colonials Pushing Back the Boers.

Comped on Captured Positions. Six British Killed and Eighteen Wounded. Hottel from Lord Roberts—Position at Oudfontein is Unchanged—President Kruger is Still in Fighting Mood in General.

London, March 5.—The War Office intimated Sunday midnight that there had been no pronounced change in anything of importance since the Boers have hitherto observed while his plans were in progress of accomplishment, and until it was actual war with the Boers it is probable that the public will hear little or nothing of his doing.

French Encounters the Boers. London, March 5.—The Morning Post, in the following despatch from Oudfontein, dated March 3: "Gen. French made a reconnaissance to-day and encountered an enemy in force. They were occupying a table-shaped kopje, which was exchanged, but the Boers retiring."

"There's nothing half so sweet in life as love's young dream."

It was meant to be so when women were called upon to meet. But it was never meant that love's dream should be so sweet as a waking. It is due chiefly to ignorance that young women are so rudely awakened from the dream of love. They enter on the marriage path without physical or mental preparation. They are entirely ignorant of the physiological changes suggested by marriage. Every young woman should be prepared for the changes that should be a neglect of irregularities. The perfect health of the peculiar womanly organs should be the daily work of thousands of women who are engaged in marriage, and passed from irregularities to debilitating drains.

They were advancing to Dead Silence. When the Boers fired, the Canadians exhibited magnificent coolness under a trying O'Jail.

Montreal, March 5.—A Star cable from London says: "The Standard Canadian at Paardeburg on Tuesday afternoon in two long lines, the front rank with fixed bayonets, and the rear rank with rifles along, and trying pike and spears to dig trenches, and along the trenches the Canadians advanced a quarter of a mile in dead silence, then halted, and the order being given, the ranks by each man pressing the hand of his neighbor, they moved forward, and trenches were actually being dug when the men were ordered to advance again."

The General and His Colonials Pushing Back the Boers.

Comped on Captured Positions. Six British Killed and Eighteen Wounded. Hottel from Lord Roberts—Position at Oudfontein is Unchanged—President Kruger is Still in Fighting Mood in General.

London, March 5.—The War Office intimated Sunday midnight that there had been no pronounced change in anything of importance since the Boers have hitherto observed while his plans were in progress of accomplishment, and until it was actual war with the Boers it is probable that the public will hear little or nothing of his doing.

French Encounters the Boers. London, March 5.—The Morning Post, in the following despatch from Oudfontein, dated March 3: "Gen. French made a reconnaissance to-day and encountered an enemy in force. They were occupying a table-shaped kopje, which was exchanged, but the Boers retiring."

Food and Force.

All the strength of our bodies comes

from the food we eat. After the food has

gone through the different processes of

digestion, it gives up to the blood properties

that supply the body with nourishment and

strength. Just as new fuel feeds the fire,

so does food keep up the forces of the body.

But if the organs which come into action

in the different processes of digestion are

out of order, or in any way unfit to do

their work, indigestion and dyspepsia set in,

and any food taken only feeds the disease.

The cause of these conditions must first be

corrected, then Nature will cure the effects

in a natural way.

In all disorders of the digestive organs

Abbey's Effervescent Salt is Nature's best

helper. It goes to the seat of the trouble,

corrects the impaired digestion and strengthens

the organs. Thus Nature is assisted by the

use of Abbey's Salt to perform its functions

properly.

BELLEVEILLE, ONTARIO,

TUESDAY, MARCH 13, 1900

AFTERNOON DESPATCHES.

The Intelligence's afternoon despatches are two hours in advance of the Toronto morning papers.

Gen. French at Bloemfontein

Occupied Two Hills Last Night Which Command the Town.

Relief of Mafeking Looked for at an Early Date—Supplies Ordered to be Sent There—President Kruger Arranges to Burghers—Gen White Leaves for England.

FRENCH REACHED BLOEMFONTEIN LAST NIGHT.

London, March 13.—The War Office has received a despatch from Lord Roberts announcing that General French reached Bloemfontein last evening and occupied the hills close to the railway.

London, March 13, 10:45 a.m.—The War Office has received the following additional despatch from Lord Roberts at Venters' Vlei: "Our march was again unopposed. We are now about 10 miles from Bloemfontein. The cavalry division is astride the railway six miles south of Bloemfontein. There are 33 wounded and about sixty or seventy were killed or missing."

FRENCH HAS A COMMANDING POSITION.

London, March 13.—Lord Roberts telegraphs from Venters' Vlei at 5:20 o'clock this morning as follows: "I directed Gen. French, if there were any time, to seize the railway station at Bloemfontein and thus secure the rolling stock. At midnight I received a report from him that after considerable opposition he had been able to occupy two hills close to the railway station, which commanded Bloemfontein. A brother of President Steyn has been made a prisoner. The telegraph line leading northwards has been cut and the railway broken up."

THE SITUATION AS SEEN IN LONDON.

London, March 13, 2:47 p.m.—Lord Roberts' actual entry into the Orange Free State capital seems likely to be delayed until to-morrow, or late today, as his statement that he is going to occupy the town implies that opposition is being encountered on the outskirts of the town, though the definite statement that the British cavalry leader has a position which commands the town leaves no doubt that the occupation will be speedily effected, and with it, the London critics believe, will accrue to the British important capture of supplies, if not prisoners. However, the Boers may make a strenuous resistance until Lord Roberts' main staff should catch up with the cavalry, whose leader has once more been afforded the opportunity of reaping the glory of first reaching the goal. The strategic importance of what is taken by the British is the capture of one of the enemy's nests of government has created little enthusiasm in London, for days it has been regarded as certain that the Boers would soon be at Bloemfontein and few persons gathered around the bulletin boards this morning here, but there were few flags displayed and no demonstrations were made in the receipt of the news. The predominating feeling seemed to be curiosity as to what would be the result and surmises as to whether the Free State would give in or not. The British are confident that the Boers will be the victors in the end, but they still lack official confirmation, while the Mafeking defence force, March 13, published to-day, plainly disposed of the report that the Boers had withdrawn from the town, and that the Boers had retired from Bloemfontein. A refugee, who was at Mafeking, says that at most of these points of hostilities exists between the Colonial rebels and the Free State forces of the Boers.

KRUGER CONDEMNNS HIS BURGHERS.

Bloemfontein, Orange Free State, Sunday, Mar. 11.—General Roberts' advance here yesterday, across the scorched plains from Poplar Grove, was marked by the most severe fighting since the battle of the Modder River. The Boers stubbornly contested every foot of ground, and fleeing only at dusk, when Lord Roberts threw most of his troops against the centre. At daybreak, however, the Boers were found under the fire of his main position. The Boers, however, ultimately hoisted the white flag. When Col. Broadwood, who was in command of the British force, was asked by the Boers to surrender, he refused to do so. The Boers then opened fire on the British position, and the British force was forced to retreat. The Boers then entered into negotiations with the British, and a truce was agreed upon. The Boers then entered into negotiations with the British, and a truce was agreed upon. The Boers then entered into negotiations with the British, and a truce was agreed upon.

MAIN BODY OF BOERS AT HOGGARSBURG.

Lady Smith, Monday, March 13.—The main body of the enemy is in position at Hoggarzburg. Gen. Buller's force is in a strong position at the foot of the mountain. The Boers are in a strong position at the foot of the mountain. The Boers are in a strong position at the foot of the mountain.

GEN. WHITE LEAVES FOR LONDON.

Durban, March 12.—Gen. Sir George White has arrived here and embarked upon transport for Mafeking on the 11th.

ALL WELL AT MAFKING ON THE 11th.

London, March 13.—A despatch received by a South Africa firm in London, Mafeking, Tuesday, Mar. 13, via Lobatse, March 9, says: "All well but town still beleaguered."

OLIVIA, ONT., MARCH 13.—The volunteers for garrison duty at Halifax, left here over Canada Atlantic at 5:45 a.m. today.

TERRIBLE SUFFERING AT MAFKING.

London, March 13.—A despatch to the Times from Mafeking, dated Monday, March 13, says the garrison at Mafeking are feeling acutely the stress of the siege. They are reduced to the use of horse flesh and bread made for horse forage, while the water is practically contaminated. Typhoid, dysentery and diphtheria are epidemic, but it is impossible to count the victims. The sufferings of the women and children are terrible, and there are no signs of the enemy's intention to lift the siege. The population is starving. The military operations progress favorably, and have been extended to the brickfields, whence the enemy has been completely expelled.

UNITED STATES GOVERNMENT OFFERS MEDIATION.

London, March 13.—The United States Government at the request of President Kruger and Steyn, has offered to the British Government its services as mediator in the dispute between the two republics. Lord Salisbury has not yet replied, but a representative of the United States says that there is little doubt that he will decline the offer. He will do so, however, in terms as cordial and polite as those in which the offer was couched.

LORD SALISBURY'S PLAIN WORDS.

London, March 13.—The British Government's reply to President Kruger's offer of mediation is as follows: "Her Majesty's Government cannot accept the offer of mediation, but they will do so in terms as cordial and polite as those in which the offer was couched."

A CAUTIOUS ANSWER FROM BERLIN.

Berlin, March 13.—It is semi-officially announced that when the Orange Free State and the Transvaal addressed to a number of the larger and small states a request for friendly mediation, the German Government of such mediation were present, namely, the certainty that both the republics desired it.

CHEERING NEWS ABOUT MAFKING.

Mafeking, to-day, including one to a Birmingham firm asking to their goods immediately, thus indicating belief of the speedy relief of the place. Lady George's telegram to the Times, dated March 13, says: "All well but town still beleaguered."

UNITED STATES OFFER OF MEDIATION.

London, March 13, 8:15 p.m.—The United States charge d'affaires, Mr. Henry White, saw Lord Salisbury at the Foreign Office this evening and received a formal reply from the British Government declining the request of the President of the United States in regard to peace. It is understood that the President's Premier are identical with those already cabled to the Associated Press.

Had Just Been Ordered to Move and Looked Eagerly for the Work in Front of Them.

The following extracts are taken from letters received last evening from Capt. Holme, dated Mafeking, 12th inst., and are of interest to all who are interested in the progress of the siege.

Have only a few moments to write. On Thursday we were ordered to leave Bloemfontein for some place unknown and camped here, where we have been very busy since. D. and F. Co. only. The camp is surrounded by a deep trench which we are digging for a defence. While at this work we were ordered to move to a new position. Before the sun sets one thousand transports will have passed through here. At three this afternoon we are to parade in front of our new commander. The Brigade is composed of the Gordon Highlanders, the Shropshire Light Infantry, and the General Smith-Dorrien. This morning at three we were ordered to move to a new position. HOW LORD ROBERTS TOOK POSSESSION OF BLOEMFONTEIN.

London, March 15.—At precisely 10 o'clock Tuesday afternoon the Union Jack, specially made for the purpose by Lady Roberts, was hoisted over the Presidency of Bloemfontein amidst the acclamations of the

Commander-in-Chief's battalion, in which, curiously enough, the Orange Free State-borough appears to have joined with remarkable heartiness.

The opposition to the entry of the British troops into the Capital was insignificant. Doors were being closed, and a few shells were thrown off, and at ten in the morning some newspaper correspondents entered the town

found Mr. Fraser and other officials, and amidst the cheering of the British troops, who were standing on the roof of a building, the Orange Free State-borough appears to have joined with remarkable heartiness.

DEATH CAME SWIFTLY.

James Curtin a Victim of Heart Disease.

The Remains Discovered By An Employee at the Hub Hotel—Decessed a Well-Known Stone Cutter From Point Ann.

James Stewart, an employee of the Hub hotel, last evening made a discovery which he will not forget for some time to come. About six o'clock he had occasion to go into one of the side rooms upon the ground floor at the rear of the hotel, when he noticed a man lying prostrate upon the floor.

At first he thought the man was dead, but he discovered that the man had been dead some time. He communicated the fact to one of the proprietors, and as quickly as possible a medical man was sent for, who discovered that the man had been dead some time.

The body proved to be that of Mr. James Curtin, a well known stone cutter, who resided and worked at Point Ann. It appears that a fellow workman of Curtin was leaving way for another field of labour, and the two comrades arrived in the city during the forenoon. The other man went away, and Curtin, as was his custom, went to the hotel to partake of the noon day meal.

During the afternoon, up to near 3 o'clock, he was seen about and appeared to be as well as usual. This was the last seen of him alive. He went into the room where he was found, and had apparently expired without a struggle, heart disease being the cause of his sudden demise.

An inquest was not deemed necessary, and the remains, after being prepared for burial, were taken to his late home.

Mr. Curtin was born in Ireland, nearly thirty years ago. For the past 23 years he had been a resident of Ontario, working as a stone cutter, and latterly at Point Ann, where he resided for some years.

Among the many virtues possessed by the members of the present council that of parsimony. They started their session with a check of 8 o'clock last night, and in the course of an hour and three-quarters got through a good deal of business. One of the important matters brought up was a communication from Mr. Vandervoort, Market Street, asking that a portion of his rent be remitted as he had lost several of his customers.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and a vertical crease on the left side. A small, dark, irregular mark is visible near the top center. The right edge of the page is slightly irregular, suggesting it is part of a bound volume.

For All the News That Has Reached Great Britain She Might as Well be at Peace.

Boers Blow Up a Railroad Bridge Near Bloemfontein—Report That British Government Will Give 240 Acres of Land to Colonials Who Settle in South Africa.

240 ACRES OF LAND TO SETTLE.

New York, March 20.—A London cable says that a part of the British plan for the pacification of South Africa is now apparent in the announcement that all the British authorities there will make every effort to induce the Boers, the time expired, to submit to the terms of the colonialists from abroad to settle there as soon as the war is over by giving them 240 acres of land each, provided they will occupy the land for ten years.

BOERS BLOW UP A RAILROAD.

Bloemfontein, Monday, March 19.—The Boers blew up the railroad bridge over the Modder River, fifteen miles north, last night. The law courts reopened today.

LONDON ANXIOUS FOR WAR NEWS.

London, March 20, 3:30 p.m.—For all the news that has reached here yesterday and today Great Britain might as well be at peace. It is reasonable to believe that the relief of Mafeking may be heard of at any hour. Gen. Kitchener has entered Pretoria, Cape Colony, without opposition, the insurgents having fled before him. This confirms the previous reports of their willingness to submit to the terms of the colonialists from abroad to settle there as soon as the war is over by giving them 240 acres of land each, provided they will occupy the land for ten years.

PAUL MALL GAZETTE'S PLAIN TALK.

Considerable interest is attached to the fate of Johannesburg. Commenting on the reported communication between Secretary Hay and the German Ambassador at Washington, Dr. Von Hillebrand, regarding the proposed settlement of the Boers, the Gazette says: "This time Dr. Leyde has, as we may without impropriety assume, put about the tale to the effect that the German Ambassador at Washington, Dr. Von Hillebrand, is negotiating a settlement of the Boers, the time expired, to submit to the terms of the colonialists from abroad to settle there as soon as the war is over by giving them 240 acres of land each, provided they will occupy the land for ten years."

SIR JOHN TALK FROM NEW ZEALAND.

Wellington, N.Z., March 20.—In bidding farewell to the fourth contingent of New Zealand troops leaving for service in South Africa, the Premier, Mr. P. J. Seddon, emphasized the determination of Australia to uphold the Imperial principle. The country had 400,000 men, mostly drilled, prepared to defend the colonies and, if an emergency arose, to send men to South Africa to release the Imperial troops to deal with any unfriendly power coming to meddle with the settlement. Lord Salisbury's reply to the Boer President and the announcement that Great Britain would not assent to the independence of the Republic were all endorsed by New Zealanders, who, the Premier added, would maintain that position at any cost.

FIGHTING JOE TO READ THE RIOT ACT.

London, March 20.—In the House of Commons today, the Parliamentary Secretary of the War Office, Mr. George Wyndham, said the Secretary of State for the Colonies, Mr. Joseph Chamberlain, was about to issue a proclamation on the subject of the alleged killing of the Boers to destroy Johannesburg and as to what the Boers might expect in the event of violation of British property.

CAPE TOWN, March 20.—The Boers have blown up the bridges north of Bloemfontein, including those at Winburg and Kromstad, and are now retreating to the north.

A SHORT SESSION

Council Transacts Its Business in a Few Minutes.

Mayor Johnson Presents His Portrait to the Council—Accepted by a Standing Vote—Ex-Mayors Asked to Follow His Example.

The session of the City Council last night was one of the shortest on record, lasting but 15 minutes. There was no discussion whatever upon the report of the Executive Committee, which embodied the work done at committee meetings.

Those in attendance were: Mayor Johnson, Aldermen McPhee, Sinclair, Chown, Hogart, Doyle, Grills, and Stirling.

After the reading and confirming of the minutes of the last meeting, the reports of the various committees as already published, were read.

Mrs. Hugh Walker and J. Macdon, auditors, presented their report, and asked, as they had to audit the Waterworks accounts, entailing more labor, that they be granted \$75. The communication and report were referred.

On motion the Council went into committee of the whole on reports. Ald. McPhee in the chair. The report of the Executive Committee recommended the payment of a few accounts, which were passed without discussion.

Before the committee rose, Ald. Hogart said he had a motion which he desired to speak of. Mayor Johnson said, had had a portrait of himself nicely framed, and it was now ready to adorn the walls of the Council Chamber. This picture would be of interest to future generations.

Ald. McPhee said it was a graceful and a graceful and nice thing for Mayor Johnson to do. The portrait of ex-mayors of Hamilton, and in other cities, were displayed in the council chambers, and they were looked upon as heirlooms of great interest. He moved that the portrait be accepted, and that the thanks of the Council be extended to the Mayor for his present.

Ald. Doyle had much pleasure in seconding the motion. It was a suitable picture and would, he was certain, be appreciated.

Where Boers Were Driven Away—President Steyn's Parting
Joke—Private Cole Returns to South Africa—
Switzerland Doesn't Think It Can See its
Way Clear to Interfere.

LONDON'S SUMMARY OF THE WAR.

London, March 21.—The only news from South Africa showing activity
on either side comes from Warrenton, north of Kimberley, where de-
spite fighting continued all day Sunday, resulting in the retreat of
the Boers towards Christiesburg. The progress of the column towards
Mafeking has either almost entirely ceased or is for-
warded to be mentioned in despatches, nothing new comes from Colonel
Plumer and Mafeking apparently still awaits relief. The Pretoria
command of the skirmish at Fourteen Streams on March 16, says that a
Boer commando was preparing to destroy a railroad bridge, and that
the engagement lasted half an hour, with the result that one burgher
was slightly wounded. The same despatch also announces the arrival
at the Transvaal capital of Gen. Schalk Burger from Bloemfontein, ed-
ition of the Times to-day publishes a despatch from Bloemfontein,
dated Monday, March 19, which says: "The blowing up of bridges by
the Boers is an evident sign that the Transvaalers intend to abandon
the defence of the Free State. All is quiet in the south and west. A
corps of young Boers from the farms surrounding Bloemfontein, under
an imperial officer has been detailed for police work and to pre-
vent the further looting of abandoned farms by the Kaffirs."

PRESIDENT STEYN'S PARTING JOKE.

London, March 21.—It is said that when President Kruger left Bloem-
fontein, after his recent visit, President Steyn's parting remark
was "Mind the British do not catch you, or you will get better quar-
ters at St. Helena than I." Ruyard Kipling has gone to Bloemfontein.
The Boers at Allard's Nek are reported to be still holding a
position on the high hills of the Free State side.

LOUIS SALISBURY'S SPEECH MISUNDERSTOOD.

From a Pretoria despatch it appears some misunderstanding regard-
ing Lord Salisbury's reply to America's offer of mediation exists there.
It has been quoted to the effect that Lord Salisbury said he could ac-
cept the intervention of no other power, which leads to the belief that
the American representations would be listened to in the final settlement.

PRIVATE COLE RETURNS TO DUTY.

Private Cole, the Canadian whom the Queen visited at Netley,
returned to South Africa today, fully recovered from his wounds.

SWITZERLAND WILL NOT INTERFERE.

Bern, Switzerland, March 21.—The Federal Council has answered the
appeal for mediation to the effect that, though they would have been
pleased to co-operate in any friendly mediation in order to end
the bloodshed, considering the statement made by Lord Salisbury to
President of the United States, they cannot see their way clear to take
any action, but hope that before long an understanding may be arrived
at honorable to both parties.

A GREAT SOLDIER DEAD.

from Constantinople says that the famous
Turkish general, Oman Pasha, the "Hero
of Plevna," is dead. He was univer-
sally admitted to be a great soldier.

THE BENTLEY HATS.

There are a great many different
kinds of hats. Some are good and
some are bad. The Bentley hat is
one of the best. It is made of
the finest material and is very
comfortable to wear. It is also
very stylish and is worn by
many of the best people in the
city. It is a hat that is worth
the money.

POPULAR WEDDING.

J. M. Diamond and Miss Ezeena
Leamy Married in New Westmin-
ster.

(The Province, Vancouver, B.C.)
A very interesting scene was en-
acted on board the steamer Islander
at the C.P.R. dock yesterday after-
noon. Showers of rice, old boots,
paper flowers and rain fell around
two of the brightest and happiest
young people who had just a couple of
hours before been made man and
wife, and were embarking on their
honeymoon trip. On the wharf were
the many friends of the young couple
with beaming countenances anxious
to do some good deed in admiration for
the parties in honor of whom they had
gathered.

At 10:30 o'clock yesterday morn-
ing at the residence of James Leamy,
Ninth avenue, New Westminster, the
wedding occurred when Miss Ezeena
Leamy, eldest daughter of Mr. James
Leamy was married to Mr. John H.
Diamond, eldest son of Mr. John H.
Diamond, of Vancouver. Rev. Father
Morgan officiated. The bride was
becomingly gowned in a
gray cloth traveling dress, and with
a pretty little veil. She carried
a shower of roses and lilies.

The bridesmaids were Miss Fessie
and Miss Millard of New Westmin-
ster. Mr. J. H. Farquhar, of Shool
Bay supported the groom. The bride
was the prettiest of the Royal
wedding. The ceremony was a very
city affair. She is well known in
Vancouver society, where she has
always been a great favorite. Mr.
Diamond is a genial, well-to-do fel-
low, who has large number of ac-
quaintances. A very evident testi-
mony of the esteem in which he is
held by those with whom he was as-
sociated was shown by their pres-
ence at the wedding. The ceremony
cost \$200. Only the immediate re-
latives and family were present at
the ceremony, which was a wedding
breakfast was served. Mr. and Mrs.
Diamond will leave for Seattle, Port-
land and other Sound cities and upon their
return will reside on Horley street.

The above gentlemen is a son of
the late Abraham Diamond, Police
Magistrate of Belleville and nephew
of ex-Mayor W. Jeffers Diamond.

PRETTY WELL.

THANK YOU!

That is how the Men of the Last
Belleville Contingent Seemed to
be Feeling When They Wrote
Farewell Letters.

Writing to a relative in the city,
Private Austin mentions many inter-
esting facts. He says that on the
15th inst. he attended a smoker, at
which about 5,000 were present. In
the short time they were in Halifax
they made many friends, one citizen
inviting him to his home, and finally
"killing the fatted calf" for him.
This was the case with all of
them, and shows how the good people
of Halifax laid themselves out to
make the boys' stay in Canada as
pleasant as possible. The ladies
seemed to be especially kind to the
boys, and showered souvenirs of all
kinds on them, such as pins, rings,
locks of hair, buttons, etc. Private
Austin sent home a bundle of
ribbons, laces, pieces of flags, etc.,
which the Halifax girls fastened on
his coat when they were marching to
the dock to go aboard the Monterey.
He says the scene at the send-off was
beyond description, there being at
least thirty thousand people on the
line of march, and it took them about
an hour to get through the crowd to
the boat, and the men patted them
on the back and the pretty girls tickled
them under the chin, and he never
expects to have such a jolly time in
his life again. He says the Monterey
is a fine boat, and if their foot all
through the voyage will be like it
was the first night, they were given
a dinner. He closes his letter with the
cheeriest of wishes. "We have had a
grand time all around, and have
nothing to complain about whatever,
I tell you we are proud and happy to
be the Soldiers of the Queen."

Edgar Green Writes.

A letter was also received from
Edgar Green, which was written after
they boarded the Monterey. He says:
"The people of Halifax gave us a
great send-off. It was a fine scene.
I was simply awed at the boat. There
must have been twenty thousand peo-
ple at the quay. Jack Phillips came
and handed me some papers from you
a few minutes ago. They were given
to him by some civilian when he was
on board the quay. Everything on
board is in splendid spirits, in spite
of the eight-mile march we had with
overcoats, and all equipment, and
on that, too, with new boots not
broken in. We are having a good
time now, but I think in a little while
we will get our money's worth of
disappointment. Our officers all seem
to be awfully glad to see us. Capt.
Carper, I will try soon to see if I
can get in my hammock. It is more
fun than a circus to see the fellows
jump in one side only to be taken
out of the other. Remember me
to all friends. Good-bye."

BIG MEN.

Who had trouble in the past to get
trousers large enough for them now
have no trouble in getting them just
what they want at Quick & Robert-
son's, as they have just received a
shipment of pants that measure 40,
42, 44 and 46 inches in the waist.
While these sizes invariably cost
more than regular sizes, we ask no
more for them. Prices run from
\$1.25 to \$3.00 per pair.

PROF. MACCOUN'S LECTURE.

A Treat for Those Who Attended the
City Hall Last Night.

Those who attended the lecture of
Mr. W. T. MacCoun last evening in the
City Hall, enjoyed a great treat. Mr.
MacCoun being a Belleville boy, the
son of Prof. John MacCoun, referred
to the pleasure of returning to his
native city after an absence of some twenty years.
He first spoke to the audience in the
language of reference to the size
and the location of the University
Farm at Ottawa, but more spe-
cially the Horticultural Depart-
ment. He next took up floriculture,
and what he thought was the most
suitable to beautify the home.

Talking It Up.

A Bit of
Wall Paper
History.

Wall Paper dealers should be
troubled of the fact that their
business dates back to the ancient
Egypt. The first printing of de-
signs by blocks being mentioned
by Ptolemy. We are therefore an-
cient and our profession is well
"grounded" in antiquity.

The Chinese were the first to
use small sheets of printed paper
into strips for screens and hangings,
and it was not until the 15th cen-
tury that the public, with the coming
of a Sherkel Holmes, detected with
heavy disapproval the second ap-
pearance of any pattern however
imprudent or useful.

As to our selection for 1900 let
us say that the variety is too ex-
tensive to mention. It is so well
adapted to the tastes of the public
that we are confident it will be
well received.

THE COST OF

TARTE'S TRIP.

WHAT DO THE LIBERAL ECONOMISTS THINK OF IT?

It will be remembered that the great Irish Tarite visited Australia in 1898, upon which occasion he flew the French flag at the mast head of his yacht; and that when he returned he openly declared he was French first and then British, and that if he could not fly the flag of his ancestors he would come to be British. In addition to which his public in the House of Commons insulted the cost, whom the French never wanted to get off the island, by denouncing them as "crooks," which is the same as calling them murderers as well as thieves.

Well, this little bit of the Auditor-General's Report for the year ending June 30th, 1899, page 2146, gives us the cost to the country of this pleasure excursion of the great controlling spirit of the present government. Here are the items:

Provisions.....\$434.46
Laundry.....58.80
Telegrams.....9.11
Rug.....4.50
Mattress.....1.50
Three caps.....3.70
Three sweaters.....10.00
Napkin rings.....3.50
Four rubber coats.....10.00
Two soap coats.....3.50
American flag.....61.00
Six rugs.....24.00
Sundries.....24.00
Various items.....1,352.60

Total.....\$2,336.38

The Auditor-General's Report goes far and above that the minister's provisions, washing, soap, sweaters, coats, rugs, etc., are covered up and charged to the following account:

Repairs of P. L. E.....\$200.00
Harbors and rivers in the north.....1,618.50
Harbors and rivers in Quebec.....368.82
Harbors and rivers elsewhere.....1.50

Total.....\$2,336.82

The figures do not include running expenses, except yacht.

The pleasure coach was at first leased by Mr. Tarte at \$215 a week; but after one week's experience Mr. Tarte liked the yacht so well that he bought her, and she cost the country \$20,000.

There is nothing like having a howler about economy. Give him the opportunity, and like the lawyer when put on horse back, he will give to destruction.

I have been cured by the use of Dr. Chase's Nerve Food, and I am now able to do my work and I am very healthy." Sold by J. S. McKenna.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time because when left to itself, the force of the coughing and sneezing drives it into the system. When it attacks the delicate tissue of the lungs and bronchial tubes, it causes a violent cough, spasm, and even a fatal result. It does not delay, get the medicine that cures the cough, the medicine that drives it from the system. This medicine produces a free and easy expectoration, soothes the cough, breaks the diseased parts, and exerts a most wonderful influence in curing consumption and other diseases of the throat and lungs. It is a pure hard soap. Last long—lathers freely. 5 cents a cake.

A TERRIBLE STRUGGLE.

Sick people grow tired of taking medicines which barely keep them alive; they want something to put them on their feet, well and strong and hearty; they want to get the upper hand over death and choke all the "scare" out of him.

A medicine that goes right down to the very roots of life in the blood and builds up a new constitution from the lowest foundation—stone, like Dr. Pierce's Golden Medical Discovery is the only radical, scientific cure for disease. This remarkable "Discovery" produces a rapid increase of the life-giving red corpuscles in the blood, which quickly clear out poisonous elements, stop morbid formations and build up new tissue in the vital parts.

By this deep and searching revitalizing process, obdurate blood diseases, throat and bronchial affections and even consumption, in all its earlier stages, are arrested and permanently cured. The "Discovery" makes solid, healthy, muscular flesh, without adding a particle of fatty fat like so many "emulcations." It fills out emaciated forms and faces, gives color, nerve force and active energy.

Many doctors say that consumption is incurable and necessarily fatal. They are mistaken. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption, if taken promptly according to directions. It has cured thousands. It is quickly absorbed by the blood and sends nature to throw off germs and all effete matter and restore the body to perfect health and strength. It tones the nerves and invigorates the body. It spurs up the liver and makes the kidneys active. An honest drug will not urge upon you an inferior substitute.

The "Golden Medical Discovery" is the greatest tonic and invigorant that was ever prepared. It is the discovery of a practicing physician, eminent and successful in his profession, the head of one of the greatest medical institutions in the world, the "Invalide Hotel and Surgical Institute," of Buffalo, N. Y.

It is now eight years ago since I took Dr. Pierce's Golden Medical Discovery," writes Mrs. Clara A. McIntyre, of Astoria, Middlesex Co., Mass. "I took a very bad cough, also a tight chest and was almost in my grave, as we thought with consumption, when a friend of mine who had died with consumption came to me and told me of Dr. Pierce's Golden Medical Discovery, and I took a bottle of it. I did so, and in half of the first bottle I felt much better, that was all I needed. I took two more bottles, and I am now as well as ever."

"I took a very bad cough, also a tight chest and was almost in my grave, as we thought with consumption, when a friend of mine who had died with consumption came to me and told me of Dr. Pierce's Golden Medical Discovery, and I took a bottle of it. I did so, and in half of the first bottle I felt much better, that was all I needed. I took two more bottles, and I am now as well as ever."

TIMELY TOPICS.

John Charlton, M. P. spoke against
making long speeches in the House
of Commons. It just took John
thirty-eight minutes to tell about it.

An exchange asks: "Why was Lady
Smith like a hard-boiled egg?"
That's easy. Because she was covered
with shell, had White inside, and
could not be hot.

The British house, including those
from disease, have passed the 25-
800 mark. The roll of missing, how-
ever, has not been growing much for
some time.

A New York spinner became so hun-
gry that she was forced to eat her
tabby cat. Who will longer con-
tend that cats are entirely
useless?

Though the total vote cast in the sen-
ate on the amendment to the gov-
ernment bill was larger than last
year, the majority, 22, is exactly
the same.

A little German band is fooling into
gathering the small change about
the city. We think they must be
transient traders.

If one thing more than another is
needed on the line of the G. T. R.,
it is a lunch and dining room at the
station at Brockville. Accommoda-
tion for travellers going to the cap-
ital, at that point, is simply rack.

The passengers on the G. T. R. train
from the east yesterday afternoon
had the "pleasure" of listening to
the strains of a German band
which kept up their tooting from
Kingston to Sarnia.

Cronje at St. Helen, Joubert dead at
Pretoria, and Oom Paul Pootling
whether the Lord is on his side—
Such is the situation in South
Africa.

Giving free advertising to the city is
not a paying investment, but we
must call attention to the condition
of the street crossings and the walk
in front of the old Brown place on
Bridge street east. One would think
that with a January thaw just set in.

Who said the Senate was dead?
There was only one death there late-
ly—that of Redistribution Bill, the
Senator from the House of Com-
mons. He died of a complication
known to the Senate doctor as 19
to 41.

Two rich contractors of Chicago
put on aprons and took up hammers
and chisels, to help a fellow em-
ployer who had a strike in his yard.
This illustrates the value of begin-
ning life poor and ending it rich.

It occurred to the speaker that if
other cities of the size of Belleville,
and even some with a larger popu-
lation, could get along with a much
smaller police force, why could not
we? There was no crime done in the
city, as at the last sitting of the as-
sessment, but a criminal case was brought
before the Grand Jury. The force,
he considered, was altogether too
large. As to the administration of
justice account, he could not tell, but
Belleville was saddled with such a
large sum. This was a matter, how-
ever, which could not be dealt with
at present but could next year when
a new arrangement might be made.
Owing to the falling mills de-
bentures the rate of taxation would
be increased, and he desired in some way
to make retrenchments. He would
suggest a reduction of two men
from the police force, which would
save \$1,000; a more prompt payment
of taxes, \$1,000; the waterworks profit would be at
least \$1,000; the administration of
justice account might be reduced by
\$1,000, and \$1,000 paid less for street
lighting. This would mean a saving
of \$5,000. When Sergt. McCracken
was dismissed some time ago and a
replacement was not made, he re-
instated, he did not sign it, not be-
cause he had anything against the
Sergeant, but because he considered
then as now that the force was too
large. He would suggest that the

Council recommend to the Police Com-
missioners that a reduction be made
in the police force.

Police Magistrate Flint said the
administration of justice account had
grown wonderfully in spite of efforts
to curtail it. He knew of three dif-
ferent occasions when it was in-
creased, but the city had conceded it. This
account was for the cost of the court
house, jail, etc. He could not con-
cede why the city should have to pay
such a large sum to the administra-
tion of justice account. The contrast
between other cities and Belleville
was very great in this respect.

Ald. Bogart said in 1891 the Council
recommended a reduction of two men
from the police force, which was
refused. The Council had no voice in
referring to having the account reduced
but the County kept on increasing
the force. The amount in his
opinion was too much, but that could
not be remedied at this time.

Ald. Pantier asked the Mayor if it
was intended to retrench in any
other department. I would cer-
tainly do so. I will start here. I will
not give up. I will do it in my power
to curtail expenditures.

Ald. Pantier asked the Mayor if the
Council could be saved \$15, and yet
know the number of hours the men
were doing work.

He believed the public works and
other departments could be run
on a smaller force.

Ald. McFee said the figures as-
signed him were false. There were
perhaps reasons why Belleville should
pay more than Peterboro for police
protection. The situation was dif-
ferent. The number of men in
Peterboro the railway station was ad-
joined to the police station, while in
Belleville it was a mile away. At
night he considered it necessary to
have good police protection and he
thought the citizens were willing to
pay for it. The population had in-
creased in the past and he believed
the population would increase still
more. We recognize that we have
quiet, peaceful homes, and having a
strong police force was the cause of it.
The knowledge that we have a
strong police force is reason why had
men keep away from here. In this
city for the past 25 years there had
been no great crime committed. We
have a peaceful town, and it would
be a serious matter to reduce the
force. The police force was not too
large. He would suggest that the

Mayor said the police did not
patrol the whole city at night, only
Front street. As for the force, he
said there was no more in Peterboro
than in Belleville although the former
place had a much smaller population
than we had. As for burglary, if a
burglar went out place to place
where the police force is weak, he
would often do it in broad day-
light. As to the question of anti-
quity inspector he (the speaker) could
not see how he could possibly em-
ploy all his force. His duties in this
direction commenced on April 1st,
and continued probably four weeks
at the position of anti-quity inspector.
Another thing he thought he should

schools had decreased so material-
ly that the police station was crowded

WILL THE FORCE BE REDUCED

A Joint Session of the Po- lice Commissioners and Executive Committee.

The Question of Reducing the Police
Force Discussed—No Definite Ac-
tion Taken in the Matter as Yet.

A joint meeting of the Executive
Committee of the City Council (which
embodies all the members) and the
Police Commissioners was held in the

Council Chamber yesterday, after-
noon. The object of the meeting
was to discuss the question of a re-
duction of the police force. For two
hours the session lasted, during which
much considerable information of
value was obtained. No definite ac-
tion was reached, however, and an ad-
journment was made until Monday
evening, April 9th, when the sub-
ject will again be discussed.

Those in attendance were:

Judge Lister, Police Magistrate
Flint, Mayor Johnson, Aldermen
Bogart, McFee, Pantier, Chown, Grills,
and Chief Newton.

On motion Ald. Bogart was voted
to the chair.

The Mayor said he desired to
thank the Police Magistrate and his
Honour Judge Lister for their promp-
titude in meeting the Executive Com-
missioners.
